

PINK CLAY PURIFYING MASK

Clarifying Mineral Exfoliant

BENEFITS

- Prevents pore clogging and absorbs excess oils
- Gently exfoliates for renewed radiance and smooth texture
- Nourishing antioxidants and powerful moisturizers reduce the appearance of lines and wrinkles
- Minimizes active breakouts while preventing future breakouts

KEY INGREDIENTS

PAPAIN ENZYMES: natural fruit enzymes exfoliate dead skin and debris

PUMPKIN ENZYMES: a natural form of AHA, containing Vitamin C & A, promotes exfoliation, decongestion, and brightening

0.49% SALICYLIC ACID: penetrates pores to dissolve oil and debris

BENTONITE AND KAOLIN CLAYS: reduce excess sebum and absorbs impurities

SQUALANE: rich in fatty acids, restores skin's suppleness, strengthening the barrier to lock in essential hydration

RECOMMENDATIONS

After cleansing, apply the mask in a film to face, avoiding eyes. A tingling sensation may occur on contact and subsides when dry. If tingling persists, wash off immediately and apply in thinner film. Leave mask on for 20 minutes and thoroughly wash off with tepid water. Use at least 3 times a week or daily as directed.

Mask thickness can vary. Thicker application (an opaque film) gives the most impressive results.

Excellent to use on other areas of acne and folliculitis, such as shoulders, chest, and back. In these areas, the mask can be left on for up to forty five minutes as tolerated.
