HA+ FIRMINING BOOST

Protective Hydrating Serum

BENEFITS

- Delivers immediate and long-term hydration
- Shields skin from free radical damage caused by UV/HEV light
- Visible improves elasticity and tone
- Softens and smooths rough, dry, flaky skin

KEY INGREDIENTS

HYALURONIC ACID: instantly hydrates and plumps

SNOW MUSHROOM EXTRACT: a natural humectant, 400x more hydrating than HA alone, draws water deep within the skin

ACQUACELL: a hydrating, superfood fruit complex, hydrates skin for immediate and lasting results- supplies skin with key NMF

WINTER CHERRY EXTRACT: protects from screen-emitted light, fights digital pollution, boosts cellular energy

PROTECTIVE BOTANICAL COMPLEX: Triple-action design: block against heavy metals, protection and stabilization of the cellular membranes, antioxidant action

RECOMMENDATIONS

Use AM & PM after cleansing and follow with your favorite medical-grade serum and/or moisturizer. Apply to slightly damp skin to amplify hydrating benefits. For maximum anti-aging protection, finish AM regimen with a broad-spectrum SPF product.
