

# ULTRA BENEFITS

## Firming and Brightening Moisturizer

### BENEFITS

- Brightens skin and evens skin tone
- Firms and hydrates skin
- Provides proven protection from UV rays, HEV light and free radical damage- your aggressors that contribute to premature aging

### KEY INGREDIENTS

**TETRAPEPTIDE-21:** proven to increase skin's elasticity

**CHROMABRIGHT®:** advanced fade ingredient, tyrosinase inhibitor, clinically proven more effective at skin brightening than kojic acid & comparable to HQ, provides additional protection from UV rays + blue light, increases cell survival

**LIPOCHROMAN®:** powerful triple-action antioxidant with unparalleled coverage against all 3 classes of free radicals to protect the skin from future damage and inflammation while correcting already occurred damage

**AMINO ACIDS:** replenishes NMF to smooth and plump skin's surface

### RECOMMENDATIONS

To amplify your results, use this lightweight moisturizing cream as part of a complete skin care regimen. Precede with a medical grade cleanser and a treatment serum. Follow with your favorite SPF product in the morning.
